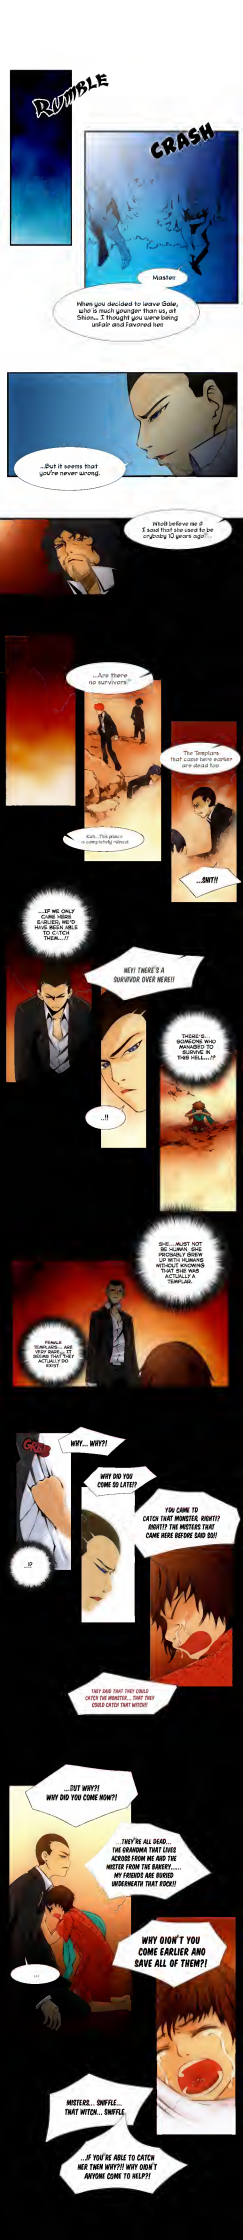
RUMBLE
CRASH
Master
When you decided to leave Gale, who is much younger than us, at Silan... I thought you were being unfair and favored her!

...But it seems that you're never wrong.

Wait! believe me if I said that star used to be crybaby 10 years ago!!

...Are there no survivors?
The Templars that came here earlier are dead too
Kish...This place is completely ruined
...SNIFF!
...LET ME ONLY CURSE THIS EVIL-DOER. HE'D HAVE BEEN ABLE TO CATCH THEM...!?
HEY! THERE'S A SURVIVOR OVER HERE!!
THERE'S SOMEONE WHO MANAGED TO SURVIVE IN THIS HELL...!?
...!!
SHE...MUST NOT BE ALIVE!! SHE OBVIOUSLY KNOWS SOMETHING WITHOUT KNOWING THAT EVIL WAS ACTUALLY A TEMPLAR!
FEMALE TEMPLARS!... ARE THEY REALLY THE MONSTERS THAT ACTUALLY DO EVIL?



WHY... WHY?!
WHY DID YOU COME SO LATE?
YOU CAME TO CATCH THAT MONSTER, RIGHT?? RIGHT?? THE MISTERS THAT CAME HERE BEFORE SAID SO!!
...!?
THEY SAID THAT THEY COULD CATCH THE MONSTER... THAT THEY COULD CATCH THAT WITCH!
...BUT WHY?! WHY DID YOU COME NOW?!
...THEY'RE ALL DEAD... THE GRANDMA THAT LIVED ACROSS FROM ME AND THE MISTER FROM THE BAKERY.... MY FRIENDS ARE BURIED UNDERNEATH THAT ROCK!!
WHY DIDN'T YOU COME EARLIER AND SAVE ALL OF THEM?!
...!!!
MISTERS... SNIFFLE... THAT WITCH... SNIFFLE...
...IF YOU'RE ABLE TO CATCH HER THEN WHY?!? WHY DIDN'T ANYONE COME TO HELP?!

When you first meet a witch...

The first thing you notice are corpses that have been ripped apart, and the thing that gets to you the most is the horrible smell of burning corpses.

So, the Templars that are found in these areas are gripped with fear and horror, and go into a state of panic.

But Gale... she was different.

The moment she first met a witch...
The moment we came to know about the existence of witches...

She wanted to find a way to catch the witch.

The cry baby, Gale Katrin:

...Why did you come so late? Ha! Why did you come so late?

Hello, this is Jaygunn. I had to move this week so I have to delay chapter 19...

...Instead, I decided to make a short, special episode for all the people that came to check on the new chapter (You can't leave me~~!! ㅠㅠ)

I was thinking how cool it'd be if there was an opening and a closing song for this webtoon, just like an animation so...

I was planning on adding an opening and closing scene, but I was unable to.

And so, I made this special episode as an 'ending theme'.

It has no music to it but, I diligently prepared the special episode... (search house, draw, look at house, draw, pack my stuff, draw ㅜㅜ) I hope you have fun reading it

You're laughing today, too,

I hate your stupidly
happy face.

Today, without change,

The sun and
moon pass by,

A black wind blows,
in the sky.

What'll be left in place of the harsh wind,

What'll be left in place of the rain,

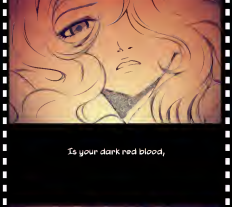
In place of the black wind,

What will leave...

What I love about you...

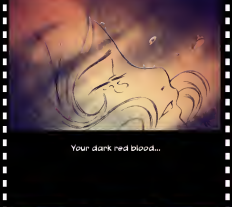
Is not your slender arms... nor your long legs,

What I love...

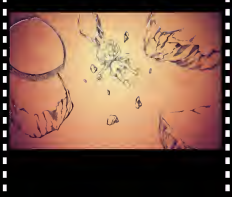


Is your dark red blood,

What makes your heart beat,

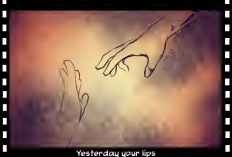


Your dark red blood...

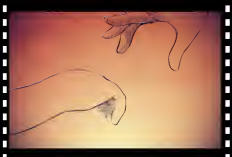


You're crying
today, too,

I hate your sad
crying face.



Yesterday your lips
met mine,



And today,
you'll hold me,

What are you planning
to do tomorrow?

Is the sky I'm looking
at too far away for
you to see?

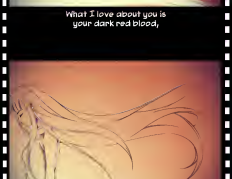
Would my comfortable
home be seen as
strange to you?

What I wanted
was your strong hand,

The memories of holding you,
even if you're not here,

What I love about you
is not your slender arms...
nor your long legs,

What I love about you is
your dark red blood,



The dark red blood that
will one day disappear.

One day...
You'll have to leave,

I'll love you right now...
I'll love you forever,

What I love about you is
not your slender arms...
nor your long legs,

What I love about you is
your dark red blood,

WHAT MAKES YOUR HEARTBEAT,
YOUR DARK RED BLOOD.

Special Thanks to

Although the song didn't make
it to the webtoon, I sincerely thank Seracle for
making and working on the song.

I heard about the order you were given saying not to engage in battle.

Flinch

...I was careless.

There was a strong opponent in front of us. Had I quickly gotten rid of him without a thought, it would have ended already.

You can't underestimate a witch. You don't know what they might do, so you need to be careful. This is a lesson For Gale.

A LESSON...!? MASTER, GALE ALMOST DIED OUT THERE!! IF THAT BASTARD DIDN'T HESITATE, GALE WOULD BE DEAD ALREADY!

In Russia...

...!!

What did you Feel when your unit was annihilated in Russia?

I don't like people who make careless mistakes. Especially...If they're someone in charge of others.

...!!

If you're alone, you're the only one who dies. But if you have a unit with you, it means annihilation.

It seems you didn't realize you were sent to the east not just because you were 'demoted', but to think about your mistakes.

Nor do you know the real reason Gale was left in Shion.

Gale isn't someone who is to command over a small area like you.

She's someone who will one day command all the Templars.

I left her in Shion in order to turn her into a 'Master'.

But with her current state, it's going to be tough...

RUMBLE

Ah...Lian

Kyle is a liar. After saying that we'd come back soon...!?

...I'LL FEEL COMPLETELY ABANDONED IF YOU DON'T COME SOON!!
HMMPH! JUST TRY COMING HERE! I'LL SITE YOU USELY ALIVE! I'M NOT ALWAYS A NICE GIRL!!
...JUST TRY COMING BACK!!

...Kyle.

Soon, the world will experience red rain, the Bloody Rain.

Then the great sin, Bloody Cassiopeia will be absorbed into the ground.

The ones who died will come back to annihilate the living, and we'll go back to the era of swords and magic.

Kyle, you and Nanka are to complete the great sin.

The man who resides in this girl's mind is Lucian Ur has the materials needed to complete all of this. We'll be able to kill the enemy, and revive our allies.

But the most important thing is... We need to get rid of Jeanne. If that girl has revived, she'll definitely become an obstacle to us.

Since she is someone who can open the door to Eden, we have to keep the door to Eden closed until we complete the Bloody Rain.

...Kyle.
you naturally have very little magic. It's not common for a man to be born as a witch. That's why your magic doesn't even compare to half of Nanka's.

Also, you are also at changing your magic into offensive magic. You'll be useless when facing off against another witch.

...

...The only one who can fight with Jeanne is Nanka.

The reason why I'm giving you this job is because Nanka only follows you.

Nanka's magic is special.

No matter what happens, take Nanka to Jeanne. You'll be in charge of fighting off the Templars that come after Nanka.

...

If the opponent is a Templar they probably won't be at a level that can defeat you.

But, if you happen to hit the bottom of your magic reserve before you kill them... You'll die.

If that happens... you know what to do, right? You won't be a failure but an arrow instead.

Even if you die along with the enemy... Same as any other witch that may have died...You will be revived with the Red Rain.

No matter what happens you must not participate in battle.

That is the order you must follow.

URGH...!!
..!!
GALE, WHAT ARE YOU DOING!? ARE YOU JUST GONNA LET HIM RUN!?
JUMP

IF I JUST KILL... THIS GUY...!!

Th-That's..
Sunset Villa
W-What are you saying?
THE PROFESSOR PASSED AWAY?! WHAT ARE YOU SAYING?!
I know you're surprised but please, calm down.
There was an explosion yesterday. We don't know any more than that since the police are investigating the case...
Anyway, near the villa we found the corpse and we confirmed that it was Professor Lucien.
...Items that don't have to do with the accident will be sent to the family.
But, Professor doesn't have any relatives. He is afraid that he will send everything sent to Mr. Kang Woonyun.
...It seems the professor was the one who wanted this.
You may start preparing for the funeral once the police get more clues about the accident.
We will call the university so they know to let you in. Then...
NO WAY! YESTERDAY?! LAST NIGHT!? NO THIS... THIS CAN'T BE...
GLARE
...
nod
...
BOOM
And the materials we got...
...
They're mostly just blank sheets of paper and useless information.
WAS THERE NO USEFUL INFORMATION FROM THE FOOTPRINT? MAYBE WE ARE PREPARING A TRAP FOR US WHILE WE WAS FOLLOWING SO AROUND FOR A YEAR...
CRUMPLE
To the end we didn't lose to a witch, but to a human?
JUST WAIT 'TIL THAT WE CALL! I'LL MAKE YOU PAY SO...
Bob... Master, that guy... is there any point in attending the 49 Leader's death?!?
He probably suspects them.
TOSS
The Spot Department hasn't got any of their members off campus.
Humans don't believe things that they haven't seen with their own eyes, especially if it's a shocking truth.
But, if we give them something that they can interact with, they'll be sure to believe that it is the truth.

That boy doesn't want to believe in the professor's death, but the name of sin give him those fantasies for the dead...

He will come to accept that the professor is dead, he will be overcome by sadness...

But, that isn't Professor's Master's ... It's that witch's...

That's not the only reason. If Gale's determination is right, he's the witch's subordinate. Jeanne will recognize the item given to the boy.

That's how witch's work too! The witches that are looking for you are here. There's no point in hiding!

Do you think Jeanne will come to our side from just that?

If we go by what we know, Jeanne is an incredibly strong witch.

...

It doesn't sound like she'll change. I... need to assess all just a few minutes...

Gale, you're the one who knows.

Jeanne thinks of that boy as a trusted friend...

The boy doesn't have anything to do. He just wants to go to school like a normal girl. Also,

The witch will change her mind after seeing that boy's attitude and our warning.

Take more drugs...

You guys must heal and rest up until then. Templars should be able to handle that much.

Gale, have you said thanks to Marco?

...

If Marco hadn't pulled you away when Zues fighting that dog, you would have been blown apart along with the professor!

You...

Shouldn't have said anything about the bomb in the first place.

He was already going to die, but just because you shouted out about the bomb...

Master...

...

...!!

You idiot!
You really think that'll affect me? You think these dead weaklings are going to change anything?
It's too early to give you positions.
One of you can't still be head up, even when he's done something good. The other one busies others for not doing to complete their own work.
You're playing me still, so go back to your room.
THOSE TEARFULARE TEARS OUT LIKE THIS BECAUSE OF ONE HUMAN...
NOT ONLY THAT... THEY'RE ALSO DESTROYING WHAT WILL HAPPEN NOW IS ALREADY A FOREGONE CONCLUSION, BUT NOT FOR HOW TO CHOOSE...
THIS IS DISGRACEFUL.
BLACK WIND

I'M NOT... LYING.
